

# BRING US YOUR HISTORY!

## a Hispanic Heritage Council of WNY Inc. History Project

The goal of Bring Us Your History! is to give a voice to the diverse Hispanic community of Western New York. We aim to provide individuals with a platform to tell and preserve their stories for today's and future generations.

We are building an accessible archive that will help share the stories and contributions of Hispanics in Western New York through oral histories, the digitization of newspaper articles, documents, photographs, and memorabilia from personal collections.

Our Hispanic history should be told by those who experienced it. We need to preserve the story of our accomplishments and legacies. You can help by sharing your story and letting it be part of this project.

We are looking for stories of leadership that led to the formation of the Hispanic community in the region. Interviews will cover stories of family, migration, identity, culture, labor, religion, and activism, among many other subjects.

**HISPANIC  
HERITAGE  
COUNCIL**  
of Western New York, Inc.
